

Welcome to the UF Veterinary Medical Center's 3rd Annual Healthy Horses Conference!

Welcome to the University of Florida College of Veterinary Medicine's 3rd Annual Healthy Horses Conference on Saturday, April 24, 2010! Healthy Horses is an educational day with a focus on successful equine health care. The day includes lectures, lunch and a live equine treadmill demonstration with heart monitoring. Our cardiology service will also be doing an equine heart ultrasound demonstration as a special portion of this year's event. This year's topics are compiled from previous requests and will include EPM, stem cell treatment and other new therapies for lameness, diarrhea, skin diseases, dentistry, breeding strategies and foal diseases— just to name a few. The presenters will predominantly be the board certified faculty of UF's Large Animal Hospital, and a brief summary book of the lectures will be provided to all attendees. We hope to have some of the same fantastic sponsors as last year's event, with door prizes as well! The University of Florida is dedicated to improving owner education and hope you will make this an annual event. It is a wonderful opportunity to see our hospital facility and meet veterinarians from all of our services. Plenty of time for questions will be provided. Registration is limited and can be completed here online, so please register soon! Please be sure to also visit our other website for additional equine event information at www.vetmed.ufl.edu/extension/equine . We hope to see you in April!

Sincerely,
Amanda M. House, DVM
Diplomate ACVIM
Assistant Professor
Large Animal Clinical Sciences

Lectures will include the following topics:

The Itchy Horse: Myths & Facts

Stem Cell and other Alternative Strategies for the Lamé Horse

Help for Heaves-Understanding Allergic Lower Airway Disease

New Technologies for Breeding Mares

EPM-Still Dangerous After all These Years

What Do Your Horses Teeth Tell You About Their Age & Health

Is My Horse Too Fat? Managing the Easy Keeper

Examining the Equine Heart-Ultrasound & EKG Demonstrations by UF's Cardiologists

The conference will be held at the University of Florida, College of Veterinary Medicine in Gainesville, Florida from 8:30am-4:30pm. Refreshments and lunch provided.

Registration

Healthy Horses Conference April 24, 2010

I would like to thank USEF, Pfizer, Meriel, and Purina for their ongoing support of this event. Their sponsorship help minimize registration costs for all participants.

All cancellations must be received in writing by mail, fax or email. Registration fees less \$15 will be refunded upon receipt of written request by April 9, 2010. Refund requests made after that time will not be honored, and the participant or sponsoring organization will be responsible for the fee. Anyone who is registered but cannot attend may send a substitute.
